

Sunlight.

Control it, create with it, love it.

Intelligent shading materials from the **Mermet 2012-2015 Collection** allow you the freedom to design unique interior environments of glare-free, natural light.

The highly specified **Mermet** range of materials:

- Protects against harmful ultra-violet radiation
- Ensures an energy efficient environment
- Offers durability, style and harmony, with a wide range of textures and colours.

Shading solutions whatever your design

Find out more about the **Mermet Collection** by visiting www.mermet.co.uk or e-mail us on info@mermet.co.uk to request your samples.
